

## **Instructions and Restrictions for Using Grey Tipper Barrel for Friday Yard Waste Collection:**

1. You will have to purchase a special tag for your grey barrel at \$12.50 if you want to use it for yard waste. The special tag will have to be taken on and off the grey barrel every week that you want to use it for yard waste; and
2. If you purchase a tag for \$12.50 and want to use the grey barrel on yard waste Fridays, you will have to clean the grey barrel and make sure there is only yard waste in the barrel that day; and
3. **You can only use your grey barrel for yard waste if you already put out at least one brown yard waste tipper barrel.** This program is intended to assist those with occasional need for a second brown yard waste tipper barrel (overflow situation).

**RESIDENTS MUST COMPLY WITH ALL OF THE ABOVE INSTRUCTIONS AND RESTRICTIONS.** DPW Employees will not pick up your grey barrel during Friday yard waste collection unless all of the above are adhered to.

Friday yard waste collection changes do not affect the fall leaf program. Brown leaf bags will continue to be picked up during the fall leaf collection season.

Please call (860-763-7527) or email ([landerson@enfield.org](mailto:landerson@enfield.org)) if you have additional questions.
